

COMMUNITY INITIATIVES FUND

Since it started in September 2021 the A465 Community Initiatives Programme has been able to provide a range of support to over 60 local community groups based in Rhondda Cynon Taf and Merthyr Tydfil.

The demand for support has been so strong that the funding for the Community Initiatives Programme has now been fully allocated.

We would like to thank everyone who has previously applied for support, and we truly hope your groups, causes and organisations go from strength to strength.

We are delighted to have been in a position to provide this support.
